Mugshot da Joy no centro -Pokémon rota 4 e rota 10. Att 08.02: -GYM de Flame Island as tiles ficava bugada perto do Líder Kai. Att 09.02: -Esses Pokémon estavam com moves modificados causando bug em evolução caso SNORUNT. Mawile, Alakazam, Steelix, M.Blastoise, M.Ampharos, M.Lucario, M.Absol, M.Houndoom, Donphan, Virizion. Att 13.02: -Bases atualizadas de acordo com Lets go Att 19.02: -Att de bases de acordo com lets go Att 10.03: -Icône dos Type alterados Att 15.03: -Todas as bases atualizadas de acordo com lets go, versão mega em batalha PREVISTO para final do mês, mas pode haver atrasos. Att 15.03 (2): -corrigido erro de habitat Att 20.03: -Corrigido sprite de ovos Att 03.04: -Versão mega em batalha (Ainda em teste, quem tiver bugs relatar no face da stone dragon : facebook.com/stonedragon2 Att 30.04: -Removido exp all por causa de bugs Report de bugs: facebook.com/stonedragon2 (Antes de reportar bug, veja se o mesmo já foi solucionado no histórico de atualizações, e atualize seu jogo!) / E não reporte bugs se usou cheat, pois isso pode resultar em bugs, e atrapalhar na resolução dos bugs verdadeiros. BUG DO SEGUNDO GYN - Baixe esta versão , entre no centro pokémon e saia, e não terá mais impedimento pra sair da cidade! STONE DRAGON BUG 2 GYN BAIXAR -Como atualizar seu save SCREENSHOT DOWNLOAD *Se não consegui por um link, tente o outro! *Os 3 links são da mesma versão! VERSÃO MEGA PERMANENTE Pokemon Stone Dragon is a hack of Pokemon FireRed. The Dragon is one of the strongest and most wanted type of all Pokemon players. Based on this, another Pokemon hacker has created a game which will tell us about the Dragon theme. Long long ago, there were three legendary dragons which are the protectors of this world. They usually use their powers to bring the peace and prosperity for human. One day, they face a dangerous threat and they use all of their power to battle. After that, no one has seen them again. Time flies by. These modern days, human is building and creating many different things. They focus on educating people about the Pokemon world. You, a young trainer of a famous family... are a good Pokemon trainer. One day, while you are sleeping... you suddenly see the Legendary Dragon Trinity which you usually heard about them when you were a child. When you wake up, you tell Professor Albert about this. He is one of the best Pokemon experts in the world and also your neighbor. Professor Albert has given you a new Pokemon. From now on, you officially start your Pokemon journey and search for those dragons. If you had them, you could have a wish. Features Many new maps for exploring. The graphics is updated. All Pokemon from the Gen V and Gen VI. You can also Mega Evolve your Pokemon in this game. Screenshots Trailers Pokemon Stone Dragon Download Note: For hacks which are released and downloadable, we will show you how to download files & its emulators for Window/Mac/Android/iOS and the video guides to use them to play the game on your devices. To check downloadable hacks, find the information box at the top of this page. Thank you. В игре одновременно действуют оба языка. Locations, requirements, and details for Mega Evolution in Gen 7. Initially featuring in Pokémon X and Y, Sun and Moon have largely moved Mega Evolution - the practice of 'over-evolving' certain Pokémon into more powerful forms - to the side this time around, but that doesn't mean it's gone altogether.Far from it, in fact, as many Mega Stones are available in-game once the main story is completed, whilst the remainder are available via download code now that the distributions have all begun.Here, we've put together a table showing you how and where to find Mega Stones, which Pokémon can Mega Evolve in Sun and Moon without transferring them from Pokémon Bank, and where you can find the Key Stone to make it all possible, too. Do Pokémon Sun and Moon finally prove a weird fan theory? As we alluded to above, not all Mega Evolutions and their corresponding Mega Stones were initially available in Pokémon Sun and Moon.Now though, the distributions have finally opened up for every Mega Stone that wasn't already obtainable in the base game, so below we've compiled one unified list for all Mega Stones and how to get them in Pokémon Sun and Moon.List of Sun and Moon Mega Stone LocationsAs you can see from the table, the Mega Stones are split between those available in-game, and those available via download code. Interestingly, the distribution ends on October 31st 2017, not long before Ultra Sun and Ultra Moon are released, and it's unclear if and how these Mega Stones could be transferred to those games, or if they'll be available in them from the off, instead.As for how the stones were first distributed, those not available in-game were given to participants of online tournaments a month after it took place, and than become available to non-participants a month after that via download code.Unfortunately however, after the above codes expire, there's no other way to get them, as they won't transfer from X and Y or Omega Ruby and Alpha Sapphire to Sun and Moon. That means we'll need to grab them while we can before the distribution ends! Need more tips? Use our Pokémon Sun and Moon Walkthrough and guide for the main story, our competitive training guide for info on IVs, EV training, Hyper Training and bottle cap farming, and breeding explained, our choice of the best Pokémon Sun and Moon starter from Rowlet, Litten and Popplio, as well as an in-progress list of where to find Zygarde Cells and Cores and our guide to the Battle Tree and both Battling and Trading in the Festival Plaza. We also have a list of QR codes list, Z Crystal locations, Mega Stone locations, Eevium Z Eevee User locations for Extreme Evoboost, evolutions for Alolan Forms and other new Sun and Moon Pokémon and fast way to increase a Pokémon's Happiness, plus how to transfer across Ash-Greninja from the Sun and Moon Demo, where to catch the Tapu Guardians, how to catch the Ultra Beasts, and how to download the Munchlax Mystery Gift. Finally, you'll need to get your hands on the Mega Ring and its Key Stone before you can use any Mega Stones at all - regardless of whether you imported them from Pokémon Bank or not. Below are their locations: Key Stone - for defeating Dexio on Ancient Poni Path, after defeating the Elite Four. Once the Elite Four's been taken down, head back over to Ancient Poni Path, where you'll be stopped out of the blue by Dexio. He battles you on the spot, with a fairly strong Psychic-based team, before awarding you both the Key Stone and Alakazite for your victory. From then on, if you have the relevant Mega Stone, you can finally Mega Evolve your Pokémon in battle. We'll update this page as the Mega Stones become more available, but for now we recommend making sure you've acquired every Z Crystal too, and get started on grinding those Battle Royals and Battle Tree for Battle Points! Need some Pokemon Mega Power cheats to spice up your gaming experience? You need to check our collections of working cheat codes for Pokemon Mega Power found below. These are tried and tested codes, so that means it will work for you. The codes include most useful cheats such as Walk through walls, Rare candy, Master ball, Wild Pokemon modifier, Legendary, Mega Evolution, and Primal Reversion. RecommendationsThe cheats listed below works best on My Boy GBA emulator for Android. However, it could also work for other popular Pokemon game emulators such as Visual Boy Advance for Windows, GBAA/iOS for iOS, VBA-M for Mac. RememberCheating sometimes could lead you to problems such as: gives you bad egg, freezes or crashes your game without saving your progress, causes random restarts and glitches. These are the common issues as a result of cheating, but there is a way to avoid it. To avoid common issues: Be sure to save your current progress/state before activating any cheats Disable the cheat after use Limit the use of cheats, do not activate more than two cheats at once Do not save the game when you notice irregularities Working Pokemon Mega Power Cheat Codes Note: You will notice that the master code for Wild Pokemon Modifier, Mega/Primal Reversion Evolution, and Legendary/Mythical Pokemon are just the same. If you already applied and activated the master code to use any of the said cheats, no need to reapply again if you want to use the other one. Walk Through Walls Preview: Cheat code: 7881A409 E2026E0C 8E883EFF 92E9660D No Random Battles Cheat code: B505DB41 6E39EA4E Infinite EXP (Gain 9999 EXP) Preview: How to use: Enter cheat code, walk on the wild and battle any Pokemon. You will instantly receive 9999 exp after winning the match. Your Pokemon will level up multiple times. To stop leveling up, go to the menu and disable the cheat. Cheat code: 8200060270F 82022D48270F 82022F7C270F 8202309C270F 820241F0270F Catch/Steal Trainer's Pokemon Cheat code: B6C5368A 08BE8FF4 B8D95CFE 06ED6EA1 E151C402 8A229A83 8E883EFF 92E9660D IMPORTANT: Press L+R before throwing the Pokeball to catch a trainer's Pokemon and to avoid getting a bad egg.
