You'll then be able to customize the template to match your needs. Here are five quick website design tips to keep in mind as you're working on your site: 1. Less Is More Semantic Joomla template, a premium template, on Envato Elements When it comes to your website, less is more. Keep your paragraphs short and avoid wall to wall text as most website visitors tend to skim through the content. The premium Sematic template is a great example how you can use minimal text to deliver a powerful message with all the necessary details. 2. Focus on Your Target Audience Your website isn't really about you. It's about your ideal target audience. Focus on what's in it for them and how working with you will improve their life. 3. Make Your CTA Buttons Stand Out Premium Syrius Joomla CMS template on Envato Elements Make your call to action buttons stand out from the rest of the website. You can easily do this by using a contrasting or a bright color. The premium Syrius template uses yellow for their buttons and calls to action to make them more noticeable. 4. Check Your Site on Mobile With more than half of all internet traffic coming from mobile, it's important that your website looks good on mobile devices. Be sure to check it on a smartphone and tablet and don't forget to test buttons and forms to make sure they're easy to use on smaller screens. 5. Use Creative Section Dividers Focus Joomla CMS template on Envato Elements - Premium Joomla templates Make your site stand out with creative section dividers. This can include a wave, zig zag or a simple slanted divider. The premium Focus template is a perfect example of using slanted dividers throughout the website. 5 Design Trends For 2022 The design tips above will help you design a professional-looking website. But to take your website to the next level, pay attention to the following design trends: 1. Bold Colors Krypton Joomla CMS template on Envato Elements - premium Joomla CMS templates This year, bold colors are in. Not only do they help important elements stand out, but they also make your website more memorable. Take cues from the premium Krypton Joomla template to see how to use bold colors without making them feel overwhelming. 2. Scrolling Animations Animations add an extra dose of visual appeal to your website. They can truly make your website feel more dynamic. Make use of this trend and consider implementing scrolling animations on your website. 3. Minimalism Alita Joomla template (premium on Envato Elements) - Joomla CMS templates Minimalism is a trend that never seems to go out of style. It also goes exceptionally well with bold colors as you can see in this Joomla template. 4. Stand Out Typography Choice of fonts can make or break your website. That's why knowing typography trends and a few basic typography principles is useful. This year, bold sans serif and serif fonts dominate the scene. 5. High Contrast Images Lyra template on Envato Elements - Joomla website templates premium download Make use of high contrast images to help tell your brand story. You can easily do this by creating a dark color overlay that's used on all the photos and images on your website. Take cues from the premium Lyra template to see how it's done.
