Although it feels less, management games are one of the most difficult and challenging games of today, and their success is only achieved by people who manage and manage multiple responsibilities simultaneously Task) are familiar and can process a large number of things without interruption. That's why these games have special fans and everyone does not usually go for this type of game. Idle Supermarket Tycoon – The Tiny Shop Game is a fascinating game in the style of simulation and management developed by the Spanish Codigames Studio. In this fun and challenging game, you are acting as the manager of a supermarket and expanding your store. At first, your store is small and its customers are also limited. Your task is to turn it into a great and successful supermarket by expanding the sections of this store. To do this, you can diversify your product sales. For example, you can make bread or sell fresh vegetables, fruits, meat and fish to your customers. Also, with the further development of your store, you can add different departments to your portfolio and attract more customers. Idle Supermarket Tycoon – A Tiny Shop Game There is a section called research, in which you need to find new ways to earn money and explore new ideas and implement them in your business. All that needs to turn you into a great capitalist! Hire a dealer and assign a salary for them, increase the parking space outside the store so customers are more comfortable to buy from you to enter the premises. The cool thing about this game is to pay attention to the demands of the customers! If you provide good products and handle their requests, your supermarket will progress, and if you do not do this, you will lose your customers. In general, Idle Supermarket Tycoon – Tiny Shop Game needs to use your management power. The game style is very simple but challenging and challenging. You need to manage them in the same way as strategic games, after launching different parts of your store, to find scarcity and deficits. - Some features of Idle Supermarket Tycoon – Tiny Shop Game Android: Launching a Super Mini and trying to turn it into a great central store Possibility to add hundreds of different products to attract more customers Ability to set up multiple business departments and increase sales Hiring a vendor, employee, marketer and ... Professionalization and upgrading of parts of the store Cartoon designs with funny and funny animations Simple and fun and yet very challenging gameplay! Idle Supermarket Tycoon Mod Apk is a great offer for people who want to be stimulated not only by playing but also by being challenged. This wonderful and popular game has been downloaded to Google Play for over 5.2 million times and has gained 4.7 points out of 5.0 in Google Play. You can get this beautiful game from Forex for free.
