Value Debate ExampleValue debate is a type of debate that examines the values which drive decision-making. It usually challenges the debaters to justify why their value is more important than others. Refer to the example below to understand the complete nature of the value debate. Informal Debate ExampleInformal debates lack a burden of proof as they contain little or no evidence to support the claims. Instead, the main aim is to assert or point out something.For Example, I did the dishes last night. This may encourage other siblings to do the dishes tonight. However, it is not an argument that can convince or persuade others. Such debates are used to start a discussion among individuals with different opinions. Thus, they most often end up in a confrontation or disagreement as there are fewer chances of a consensus or a reasonable conclusion.The following is an example of an informal debate.Nature Debate ExampleThe nature debate explains that behavior is a product of biological or genetic factors. It also argues that physical features like eye color, diseases, and skin pigmentation are biologically determined.Below is an example of a nature debate to get a comprehensive understanding of the concept.Nurture Debate ExampleThe nurture debate discusses how environmental variables impact who we are. The factors that can be influenced include:Childhood experiencesHow we are raisedSocial relationshipsSurrounding cultureThe following is an example of a nurture debate.Nature vs. Nurture Debate ExampleThe nature vs. nurture debate argues that genetic or environmental factors have a greater effect on behavior. However, it also identifies that inherited traits or life experiences play a significant role in shaping the personality. Most philosophers share different opinions on this concept. Check out our debate topics blog for a selection of impressive topic ideas.Read the example below to get an idea of how to write an amazing nature vs. nurture debate. Nature vs. Nurture Debate Example Rebuttal in DebateA rebuttal is an attempt to disapprove, argue, or contradict while writing a debate. It is mainly done to weaken an opposing argument by introducing other evidence or reasoning. Here, the primary purpose is to negate or prove another argument as false.Gets a clear idea with the help of the given rebuttal examples below. Debate writing is usually written in a persuasive and structured manner and involves two or more people countering each other's statements. Students can download this PDF for several debate writing samples and practice questions. Download Debate writing offers several reasons, making it vital both in academic life and in society. Below are a few of the several reasons regarding it. It helps improve communication skills by allowing a person to present their views clearly and persuasively. It will help improve verbal and written communication skills and facilitate effective communication in both personal and professional environments.One can't speak for or against something if they have no idea what they have to talk about. Debate writing in CBSE Class 11 English will help in improving research and analytical skills. The person had to research deeply about the topic or issue to decide if they stood on the agreeing side or the opposing side.Fear of public speaking is what the majority possess, and debate writing plays a significant role in overcoming the fear. Public speaking skills will help throughout life, especially when someone is going for a job interview, presentations, as a representative, and many more.On the academic level, it will help in gaining analytical, research, and writing skills. It will also help boost confidence to speak and present one's views.This is the debate writing format CBSE Class 11 students can use in the exams. Debate writing formatThere is a significant need to learn how to initiate a debate even if a person is not in favour of the said statement to showcase respect and acknowledgement to every individual, including the judges present there. Below are some introduction debate writing examples for students that they can use.Greet every individual present at the debate setting.Thankful expressionClarify if you are going to speak in favour of or against the motions, i.e., if you stand here are debate introduction examples for students. Good morning, everyone present here! Today I will speak about the motion, 'Mobile phones are a growing health hazard.' Good morning everyone present here! Today, I, xyz, stand before you to speak against the motion, 'No detention policy for classes sixth to eighth is academically very unsound.' Good day, honourable chairman, panel of judges, co-debaters, and distinguished ladies and gentlemen. 'The section below will provide you with some debate writing examples to help you get a clear idea.Write a debate in 150 - 200 words either for or against the motion: 'Social Media and Its Effects'. Answer:SOCIAL MEDIA AND ITS EFFECTS\*\*In Favour\*\*Without a doubt, social media has altered the way we connect and communicate with one another. It has enhanced communication between individuals, increased access to information, and given everyone a voice. Social media's capacity to cross borders and unite people from all over the world is one of its advantages. It has made it possible to network, work together, and exchange cultures. Additionally, social media platforms have been crucial in raising public awareness of social concerns, rallying support for campaigns, and giving voice to underrepresented groups.\*\*Against\*\*However, it's crucial to consider how social media has affected our culture. On the other hand, it is impossible to ignore social media's detrimental effects. Addiction's potential and its consequences on mental health are two worrying effects. Increased feelings of loneliness, despair, and anxiety have been associated with excessive social media use. Furthermore, exposure to meticulously maintained online personas daily might result in low self-esteem and irrational comparisons. The proliferation of false information and the impact of fake news are further negatives. Social media platforms have developed into a haven for misleading information, which can harm politics, public opinion, and interpersonal harmony. Concerns about privacy invasion, online security hazards, and cyberbullying are also quite important.In conclusion, social media has an impact on our society that is both positive and detrimental. Utilizing its advantages while being mindful of its possible drawbacks must be balanced. We can use social media for good while reducing its negative consequences by encouraging digital literacy, responsible online behavior, and maintaining a secure and inclusive digital world.Write a debate in 150 - 200 words either for or against the motion: 'Academic Excellence Is The Only Requirement For A Successful Career'. Answer:ACADEMIC EXCELLENCE IS THE ONLY REQUIREMENT FOR A SUCCESSFUL CAREER\*\*In Favour\*\*While academic excellence is undoubtedly important in building a foundation of knowledge and skills, it is not the sole requirement for a successful career. Success in a career is often determined by a combination of factors such as practical experience, soft skills, adaptability, and networking abilities. Real-world application of knowledge, critical thinking, problem-solving, and effective communication skills are essential for thriving in any professional environment. Furthermore, success is often influenced by factors such as creativity, innovation, and the ability to think outside the box. These qualities cannot be solely acquired through academic pursuits but are developed through exposure to diverse experiences and a willingness to take risks.\*\*Against\*\*Additionally, a successful career often requires a strong work ethic, resilience, and the ability to collaborate with others. These interpersonal skills are nurtured through experiences like internships, extracurricular activities, and community involvement, which extend beyond academic achievements. While academic excellence is not the sole determinant of success, it still plays a significant role in opening doors to opportunities and providing individuals with a solid foundation on which to build their careers.In conclusion, while academic excellence is undoubtedly valuable, it is not the only requirement for a successful career. Practical experience, soft skills, adaptability, creativity, and networking abilities are equally crucial. Emphasizing holistic development and a well-rounded skill set will better equip individuals for the challenges and opportunities that lie ahead in their careers.There are a few things one needs to keep in mind in class 11 CBSE debate writing in English.Research the topic carefully before you start writing. Researching will help you in choosing a side and will give you an insight into the topic.Don't repeat points especially when you are speaking in public speaking. It showcases the individual's lack of awareness and confidence.Readiness of the side you are writing/speaking for, ensure the points presented are thought-provoking and valuable.The tone must be persuasive and clear, don't make any illogical points.There are five major steps in class 11 debate writing. Start debate writing with the a. Introduction, followed by the b. Statement of Fact, where the writer expresses the empirical phenomenon in small pieces, then backs it up with some c. Evidence, and d. Refutation, expressing strong agreement or disagreement with the topic, and ending the debate writing with the conclusion.What are the different debate introductions with examples?Below are some debate introduction examples that students can use.Good morning, everyone present here! Today I will speak about the motion, 'Mobile phones are a growing health hazard.' Good morning, everyone present here! Today, I, xyz, stand before you to speak against the motion, 'No detention policy for classes sixth to eighth is academically very unsound.' Good day, honourable chairman, panel of judges, co-debaters, and distinguished ladies and gentlemen.'Is there any standard structure for debate writing in Classes 12 and 11?Yes, there is a debate writing format used in Class 12 and Class 11, divided into Introduction, Middle Statement (Statement of Fact, Evidence, and Refutation), and Conclusion. Every student has to write a debate at some point in school, college, or university and if you don't know about the methods and steps to write a debate speech, you won't write an effective debate speech to increase your chance of success. Following a proper structure and format in debate writing is essential for a good debate to convenience the audience. There are some tips and methods to write an effective debate speech and by setting a tone and correct words choice and sentences, you can grab the judge's and the audience's attention. So, are you searching for pro tips on how to write a debate speech in English? Let's dive into this article and get complete knowledge about debate writing. Before diving into the steps of debate writing, it's necessary to understand debate speech definition and debate speech format. A debate speech is a formal discussion on a specific topic between two opposing sides or groups. One side discusses in a favor of the given topic or title, while the other side speaks against it or disagrees with the first side. The main purpose of a debate speech is to convince the judges and audience that your argument is right. In debate speech, you need to express your views in a specific format and make your opponents impress by good debate writing skills. You can follow the following pattern for a debate speech, Opening Statements and Explanation This section consists of the opening sentences by using three arguments with explaining questions. Pro Tema - Up to 5 minutesCon Team - Up to 2 minutesPro Team - Up to 5 minutesPro Team - Up to 2 minutes Rebuttals (No new Arguments Here) In this section, the debaters repeat the deponent arguments and evaluate what is wrong with his/her position. Pro Team - Up to 3 minutesCon Team - Up to 3 minutes Debate Summary In the summary, debates summarize their positions after detailed arguments and discussions with the opponents. In addition, the debaters also say why their position is the best. Pro Team - Up to 3 minutesCon Team - Up to 3 minutes Finally, each group will be assumed to answer the questions up to 20 minutes long session. For instance, you can look at the following debate speech template to get an idea of the debate speech structure. Debate Speech Format PDF Structuring and writing your debate correctly will increase your chance of success. By following the 6 easy steps below will help you win the debate competition. Without further ado let's dive into the following steps. Begin With a Strong Opening LinesDefine the TopicSignpostingRebuttalArgumentsConclusion Every good speech and discussion starts with a strong sentence. Remember the first impression is the last impression, hence start your debate with a strong opening line that can help you impress the audience and the judge immediately. For example, you can start your debate by asking an open-ended question, tell a story, state an amazing fact or say a powerful quotation. When you started your debate with a strong sentence and catch the audience's attention, in the next step you need to make the subject clear to your listeners. You need to state the topic and your group's position on the topic to help the audience comprehend the side you are going to argue about. Free Example: "Ladies and gentlemen, today I would like to talk to you about the education system. The education system that we have followed in our country has been reformed many times. Computer literacy at the age of 13 can help in the child's future studies. Here, I will argue that the problem is the pandemic, besides being stressful, are indecisive in assessing student learning." Signposting may seem irritating and avoidable. If you are looking for word-addict it can even seem like it's confusing the flow of your otherwise clear and lyrical speech. However, it's totally important in the format of a good debate speech. You might think that you write a good debate speech, but remember the audience isn't you to judge. They don't know how much about the topic as you have and they might get bored for a few moments in your introduction and then get completely lost. This is why signposting is necessary for debate. This is a good way to remind your audience of what you are discussing and where you are up to in your speech. Hence, after your introduction add a few points that tell the audience that how many points you are going to deliver and in what order you are delivering them. Also Read: Essential Transition Words and Phrases for Writing Have you heard that sometimes the best offense is a good defense? In a professional debate, the most compelling part is usually when one side takes one of the arguments of the opponent and then cuts it to pieces. Indeed, it's the most difficult part of any debate speech to finish correctly. In a debate speech Rebutting arguments forces you to think thoroughly on the spot. You have a little time like 30 to 40 seconds to take arguments that your opponent has spent a lot of time researching and edging and convincingly oppose it. There are some approaches that you can use while rebutting in a debate speech and make the challenge a little less dismay. These include the following: Pre-research thoroughlyWhat's the pointEconomic ChallengesSay your own argumentsThe argument is the most significant part of a debate speech. To make it clear for you, we have divided this down into four simple subtopics. 1. Decide what to argue: If you have researched the topics and have good information, then a lot of arguments will come to your mind. It always requires good research to come up with talking points. Consider the issue. You can research the issue, read books or articles for good ideas. When you have good knowledge of the topic then the right arguments will come to your mind no matter how strong your position is. 2. The Layout: Writing an argument is the same as writing a body paragraph for an essay. You can start each argument by signposting for instance, "Initially, I want to argue..." and then follow up with a sentence shortly. After this, you need to talk in detail about the topic by giving some facts and statistics to constitute what you are arguing. 3. Evidence: Evidence is the most important part of a debate speech. It is the evidence that you use to support your argument. You need to make a carefully calculated point that related in with a general thesis statement. 3. Find Evidence: Embedding the right evidence into your debate speech makes you more conceivable, but using the wrong and irrelevant evidence from a wrong source leaves you vulnerable to be attacked by the opposition. Hence, it's necessary to search beforehand and find the right evidence. 4. Persuasive Strategies: Remember you can be as persuasive and colorful in debate as you write a persuasive piece. Don't use harsh words or insult your opponents and don't use the sense of humor where it's not important, but other than the obvious limitation you can use as many persuasive strategies as you can. The conclusion is the result of your writing and is one of the most important parts of a debate speech. It should sum the points you have written in the whole parts of your writing, and by delivering the conclusion of your debate the listeners or readers should feel as if they have gained the result of whatever you have written in the body. Writing a conclusion for a debate speech is the same as writing a conclusion for an essay. In the link below you can read more about how to conclude a debate. How to Write the Best Concluding Paragraph Download PDF Film Set Worker: Hey Brody, it looks like the Director wants to debate something with you!In a debate each person has an amount of time to speak, present facts and state their point of view.Oh come on Brody, be confident!Brody: It would be great if Buff was eaten by a shark.Director: I hate sharks.Brody: But sharks are mega!Film Set Worker: No, no, not that confident - speak loudly and clearly but don't shout.Brody: It would be exciting and hilarious to fire Buff out of a cannon.Film Set Worker: Yes Brody! You're being focused, persuasive, funny and convincing if you ask me.And don't forget to make eye contact, but don't be too intense.Director: It would be too expensive to buy a cannon.Brody: Pffft. Whatever, dummy!Film Set Worker: Oi, Brody...you can challenge the other person's ideas, but don't attack them personally.Brody: If Buff gets eaten by a crocodile, then we're bound to win awards!Film Set Worker: Now you've got the hang of it!The greatest debaters provide a strong opening and finish with a strong conclusion, while giving evidence and reasons why their argument is best.Director: Action! 1st Speaker Government/ Affirmative: Good morning ladies and gentlemen. Thank you for the opportunity. Next, I would like to give our motion today. Our motion today is "This House Believe That National Examination should be Abolished". The definition of Motion is: National examination: a standard evaluation system of primary and secondary education in a country. Abolished: to get away, to erase element/particle from system. This whole definition is : We on affirmative team, strongly support that the national examination to get away or to be erased from education system in Indonesia for goodness all elements. From the motions, we will give our theme line: That we as the affirmative team absolutely agree that the national examination should be or be erased from education system. Then our parameter today is that we just talk about the national examination is my country, Indonesia. Well continue to our team split: I'm Bety Antaisari as the first speaker I will deliver my argument from impacts for students/students parent perspective. And Abdi Rahim Yudani as a second speaker, who will deliver arguments from negative impacts for schools and education levels perspective. And last Indah Puspita Sari as a third speaker who will deliver more proof and brief summary of our arguments. Next ladies and gentlemen, I would like to give my argument from individual perspective, we have 2 points: First point is National Examination give negative impacts for student healthy, because national examination be a standard graduation from the schools, students be-harder to study before ready to face UN. So far, national examination become a dilemma for student who will past a exam. On one hand, it can make student study hard before they are face to face with the exam, but on the disturb then healthy many student had sick before they are ready to exam. Monday 16 April 2012, Hendry Kusri in SIMANIK Sibindu Nigrah. Dead while he work for the national examination. Second point of my argument is And last Sumatra province say that he was died because he have a complication disclosed are bronchitis, lair and inactivity for from before national examination beheld. He was supported from his parents to do the national examination. From the evidence it clearly that national examination they think they can pass or not and whether national examinations report release and they are not able to pass, they will get stress and do many was, wrong or right way. For example, my friends she got stress before she face the national examination, and distress her memorize because she forget she got want to have breakfast in the morning because she too much think about preparation of national examination. We can see, national examination give negative impacts in individual perspective to students healthy, psychology and their parents, too so national examination should be abolished we his to propose. Thank you ladies and gentlemen, that enough for my arguments. It will be continued by the second speaker later. J 1stSpeaker Opposition/Negative/okay, ladies and gentleman. We are from the opposition team, that against this motion. We are strongly disagree that UN should be abolished. Before we deliver our points of arguments I want to introduce our team-line and team-split. Our team line is we just strongly oppose that UN should be abolished in my country Indonesia. And our team split I'm NURUL HUDA & YENNY SARIANTI we are the 1st speakers that and refuse the affirmative side. And deliver argument in individual perspective and I MADE GILER PERMADI as and speaker who will refuse the points affirmative and deliver argument from economic, social, and education respective and last JELLIN ELISABETH SIRINGO RINGO as the third speaker that rebuts all the points of affirmative side and brief summary our argument reply speech by me. Next ladies and gentleman first, I will refuse the affirmative side and then YENNY SARIANTI will give our points. We will show the good split, because we are the best soulmate! 1. the first points was health. They said that UN give negative impacts for students healthy. Because UN be a standard graduation from the school we halve to responses, it clearly that is not on by UN be standard graduation from the school. But from 2010 in Indonesia. The minister of education firm up the roles that graduation will determine from 60% result of UN 40% result of UAS. And if we UN think that UN is only one to determine the graduation, we sure feel stress but factually is not true. UN is not only for one to determine graduation UAS be an important scone too. 2. their second point was psychology they said that national examination can disturb the students psychology. We have to responses, first 1 the purpose of an exam in school, UAS or UN is to practice our mental to pace the nations exam this is very useful to continue higher education bad get work doatest. Basically, UN and we are same, its differences are UN make from capital by kemendigbud and UAS from school. Government try to show the fair make for all students in Indonesia so they firm up UN disturb students psychology ? it's just par-little part of all students in Indonesia it cannot be reason to abolish UN. UN can give positive impact for all element for the affirmative argument let's us see best argument of student, teacher, parents and government Thank you nurul huda Next ladies and gentlemen i will deliver our points in individual i perspective. We have three points. On the first point, UN can be score competition among the students. The score competition which puts the students to do their but, with the time, wasy absolutely, study harder and take a courses before fact the national examination and having a study guidance t the school diligently. For example in SMAN 1 Simpang Empat from November all students have a study guidance at the school, to prepare to fact UN 6 subjects UN are math, Indonesia, English, biology, physic, and chemistry that they puts prepare they do many various question with their teacher trough various method. We can see, it clearly that UN can when their ability, intelligence, and competence trough a score competition of UN with high motivation and strong belief so, it can fix the character of students especially in study harder to reach their dreams. UN also helps in deceiving one's own personality and confidence. On the second point, UN to knowing the student's competence, if we know our ability and competence we will to continue higher education or get a work easily (university) and the third point, UN helps to get sholat ship which will bring to have a good job i/y senior and they absolutely need a lot of money such as take a courses, buy tools, buy some books and even the key answer too. They are not cheap especially key answer, certain people sell the answer lets before or while face the UN with expensive cost, that is about millions, we know that many student's parents in Indonesia have difficulty of conditior of economy. On the second point, in social perspective, Preparatory UN need many time to study, practice and prepare i they can make the student's can not play they will always in house because they are very afraid if they can pass UN or not it can make the students does not sleep and having break fast lunch and dinner regular and if they have got bad result it will affect their future from the fist implementation of UN until last year, we haven't seen the result UN use require the expressive cost buy the result is only doubt and uncertainty as NE can see, last year the education and cal tuns minister, say government. Spent expensive cost that is about billion rupiahs and factually the billion rupiahs yield many cause of illegal way that be done by some school. In 2008 while the second day of UN there is a practice of dishonest from 16 teachers SMAN Lubuk Pakam 2 From evidence it clearly that expenses cost that was spent by government doesn't have the positive result for students beg to propose so i'm strongly agree with this motion beg to purpose. J 2ndSpeaker Opposition Hello ladies and gentleman . I'm the 2 Nd speaker opposition will oppose the affirmative side. National examination have positive impacts on all elements . so, moreover many country in a world use national examination a standard graduation in their education development. So, why national examination should be abolished? Is there better way if without national examination ? I believe there is no, until a better form of demonstrating know ledge comes along . UN must be still best place at the first , I want to refuse the AFF side, you said that UN make big expenditure for students parents like take a courses , buy books and key answer we have to responses, there is not true - first students should not to take a courses because students helps the study and learn after many years,second, student is not advisable to take a courses because it is not a good way to continue higher education in Indonesia, especially books , so students enough study and borrow good books from library in junior hing school. M. Aditya Rulianget get a scholar ship to continue senior hing school in Bandung because he got the best score UN in SMP. And now he is in tutulary to continue higher education that in university because he get best score in UN for senior its again from evidence. See advantages UN for students are very WOW and they can be a motivation for me and for you as a student, without exams student would be more and more stupid, lazier and less motivated to learn. Okay ladies and gentlemen, i'll keep my stance and back to propose. Thank You J 2ndSpeaker Affirmative 2nd AFF ladies and gentlemen, I'm as the second speaker affirmative. At the first i want to refuse the opposition side i have 3 points. First you said that UN can be a score competition of UN he have responses. Do you think a score competition of UN is good ? No, a score competition is not good especially for our country Indonesia in fact, you know and you can see that many student make cheats and buy the answer key before they face the national exams they do that because they want to get best score of a score competition UN like you have said. Like you have said Second you said that it can fix the character personality and confidence students. We have to response it really wrong. Basically UAN is a test that multiple choice but the roles of UN are very make difficult for students and it can their confidence be down and their spirit be down too best they very afraid, nervous make cheats and buy the answer keys, they are not good habit but dangerous habit, it is a simply patsierrie of dis hone. It is absolute can landmine and decrease the moral students as the young generation. Third, you said that UN can be used to knowing the students competence. We are to responses charging students with UN as graduation stipulation is not a best way to improve student's competence. UN i have 6 subjects how the students does not have potently between 6 subject? It is not fair for some students that have potability in other subject. Such as history, Islamic and other ladies. I have refused the opp side and they will deliver augments in economic, social, education, perspective. I have 3 points on the first point. economic perspective. From the first implementation of UN until last year, UN make big expenditure for sents parents school and government especially government to face UN and get best score students need many thing and they absolutely need a lot of money such as take a courses, buy tools, buy some books and even the key answer too. They are not cheap especially key answer, certain people sell the answer lets before or while face the UN with expensive cost, that is about millions, we know that many student's parents in Indonesia have difficulty of conditior of economy. On the second point, in social perspective, Preparatory UN need many time to study, practice and prepare i they can make the student's can not play they will always in house because they are very afraid if they can pass UN or not it can make the students does not sleep and having break fast lunch and dinner regular and if they have got bad result it will affect their future from the fist implementation of UN until last year, we haven't seen the result UN use require the expressive cost buy the result is only doubt and uncertainty as NE can see, last year the education and cal tuns minister, say government. Spent expensive cost that is about billion rupiahs and factually the billion rupiahs yield many cause of illegal way that be done by some school. In 2008 while the second day of UN there is a practice of dishonest from 16 teachers SMAN Lubuk Pakam 2 From evidence it clearly that expenses cost that was spent by government doesn't have the positive result for students beg to propose so i'm strongly agree with this motion beg to purpose. J 2ndSpeaker Opposition Hello ladies and gentleman . I'm the 2 Nd speaker opposition will oppose the affirmative side. National examination have positive impacts on all elements . so, moreover many country in a world use national examination a standard graduation in their education development. So, why national examination should be abolished? Is there better way if without national examination ? I believe there is no, until a better form of demonstrating know ledge comes along . UN must be still best place at the first , I want to refuse the AFF side, you said that UN make big expenditure for students parents like take a courses , buy books and key answer we have to responses, there is not true - first students should not to take a courses because students helps the study and learn after many years,second, student is not advisable to take a courses because it is not a good way to continue higher education in Indonesia, especially books , so students enough study and borrow good books from library in junior hing school. M. Aditya Rulianget get a scholar ship to continue senior hing school in Bandung because he got the best score UN in SMP. And now he is in tutulary to continue higher education that in university because he get best score in UN for senior its again from evidence. See advantages UN for students are very WOW and they can be a motivation for me and for you as a student, without exams student would be more and more stupid, lazier and less motivated to learn. Okay ladies and gentlemen, i'll keep my stance and back to propose. Thank You J 2ndSpeaker Affirmative 2nd AFF ladies and gentlemen, I'm as the second speaker affirmative.
