Only when you thought J.K. The ubiquitous Wizard of the Rowling Wizard could not conquer a new territory , Harry Potter is doing its official Broadway debut this weekend with the opening of Harry Potter and the damn child. The show was a huge success on the western part of London, and it is already panted ceilings in New York: in the previews, he has just set a weekly box-office record for a non-minidium. Noname, I'm not a fan of franchise , which means, I really don't know what a father is and has never been disturbed to Google. But since the potterversee was born for more than two decades - and has a dedicated fan base that now extends for generations - I was still curious about his capacity of a company that generates money. How much is it worth? Å, the most recent estimates seem to have been calculated last year, which marked the 20th anniversary of the first book by Harry Potter. The Times Financial reported that Potter Inc. was a \$ 25 billion business. It was a wide estimate, though.
