Adapt — remix, transform, and build upon the material for any purpose, even commercially. The licensor cannot revoke these freedoms as long as you follow the license terms. Attribution — You must give appropriate credit , provide a link to the license, and indicate if changes were made . You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use. ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same license as the original. No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits. You do not have to comply with the license for elements of the material in the public domain or where your use is permitted by an applicable exception or limitation . No warranties are given. The license may not give you all of the permissions necessary for your intended use. For example, other rights such as publicity, privacy, or moral rights may limit how you use the material. Skip to main content SKF's Board has decided to initiate a separation of the Automotive business with the objective of a separate listing on Nasdaq Stockholm during H1 2026. More information INVEST IN SKF In a growing but rapidly changing market, driven by globalization and digitalization of the value chain, SKF is adapting its offering and business model to grow its market share. This will give SKF a strong platform for profitable and sustainable growth. SKF's business and strategy is based on a deep understanding of the trends and drivers that impact, or have the potential to impact, all markets, regions and industries in which the Group operates.
