

I'm not a robot

Water Balloon Hunts and summer art activities for kids are a match made in heaven! While the sun is shining bright, these fun projects help little ones explore colors, shapes, and textures. From simple painting to nature crafts, each activity brings out their creativity and imagination. These summer activities are perfect for hot days, keeping your kids entertained and busy while you relax or get work done.For a messy project, try Potato Stamping - it's easy peasyl Just cut a potato in half, dip it in paint, and stamp it onto paper to create the "scoop" of an ice cream cone. Add a hand-drawn cone underneath and decorate with sprinkles or glitter. This one is great for little ones because stamping is easy and looks adorable.Flip-flops are a summer favorite! For this craft, trace your child's foot on colored cardstock to create a sandal shape. Then let them decorate with markers, stickers, and craft gems. Add two pipe cleaners for straps, and you've got a cute flip-flop that's completely unique.Another fun one is Sandpaper Castle - it's so cool! Cut out simple castle shapes from a sheet of sandpaper. Glue them onto blue cardstock and add paper flags, shells, or even real sand for extra texture. It's a great way to bring the beach home and works really well as a quiet, sit-down project.Sponge Painting is always a hit because it creates such a cool texture on the paper. For this project, cut a sponge into circles. Dip it in pastel paint colors and dab it in a scoop shape to make ice cream. Add a paper cone underneath and finish with a pom pom "cherry" on top.This Tissue Paper Crab is bright and cheerful - the perfect summer friend! Cut out a big circle for the crab's body, then tear red tissue paper into little pieces and glue them on to fill in the circle. Add pipe cleaner legs and googly eyes for a fun 3D effect.Last but not least, there's Pineapple Painting - so sensory-friendly! Use a pom pom (held with a clothespin) to stamp yellow paint all over a pineapple shape drawn on paper. Then add a green leafy top with either paint or cut paper. Scrape painting looks fancy, but it's surprisingly easy.paraphrased text here###ENDARTICLEGrab your copy at Amazon to unleash the excitement of boring afternoons with awesome animal-based bins and STEAM activities designed for toddlers 18 months and up. Learning about science, technology, engineering, art, and math will set kids up for scholastic success and make them have so much fun they won't even know it.Watch kids enjoy building STEAM skills as they color friendly fish, help water find its way to tree roots, solve math problems with mazes, and more. The Big Riddle Book for Kids, designed for preschoolers 3 years old and up, is an exciting way to practice critical thinking while having a blast. With hundreds of riddles that show kids how to think outside the box, they can build problem-solving skills and have hours of fun.For older kids ages 6 years old and up, Curious Crafting is a crafting TV show that shares the adventure and joy of making art with takeaway lessons for creating crafts at home. Giant Coffee Filter PaintingLooking forward to seeing everyone at the meeting tomorrow and discussing our strategies, enjoy these fun arts and crafts for kids this summer. You can find plenty of art activities for infants give your little learners a chance to explore and discover the world around them. Young children use infant art activities as a way to learn through play and have fun. The Encyclopedia of Infant and Toddler Activities is an excellent resource for arts and crafts that will keep you and your baby busy all summer long.Tear It Up! Toddlers love to tear things, let them tear pages from old magazines, catalogs, and newspaper. Add some textured papers like tissue paper, wax paper, and paper towels, talk about the sensations they are experiencing. Listen to the children and encourage their language, observe their fine motor skills.On a warm day, fill a few buckets with water and bring the outside, give each child a paintbrush, let them dip in the water and "paint" anything nearby. This activity is great for making Andy Warhol-inspired print pop art with children or designing simple puddle splash pictures on a wet day. You can also make simple & pretty 3-D butterflies while following the life cycle of the butterfly.Another idea is to paint & assemble a hummingbird, the national bird of Jamaica, using ketchup bottles as an infant- and environmentally-friendly way to store paint in an infant classroom. This activity helps to break through infants' confidence barriers with directed art and also covers the topic of materials in a fun way.Lastly, detailing the creation of a Serengeti sunset painting, complete with silhouetted Safari animals, is a great idea for an infant classroom. You can find plenty of ideas online, such as ice creams, flowers, seaside animals, wind chimes/windmills/mobiles, which are perfect for summer.Enjoy these art activities and have a wonderful summer! xo Bar
