Best paid games on google play store. Best android paid games. Best paid games for mobile.

There are many games on the Google Play Store that you can play for free. However, you have to admit that the best ones require you to drop some money. Since the launch of the Google Play Store as an Android Market in October 2008, game sales on the platform have grown exponentially. Even worse, this number is increasing day by day. Luckily, we're here to help with a list of the top 30 highest paying Android games that are worth it. Best Paid Android Games Before we give you our list, you'll notice that the description of "genre and mechanics" under each game is a bit more detailed than our other game lists. We've done it this way to help you better understand each game before you buy it. For this reason, we have tried to make this list as diverse as possible and include as many different genres and types of games as possible. Here is our list of the top 30 highest paying Android games! Read also: The Ultimate Guide to the Best Mobile Games 1. Minecraft Developer: Mojang Studios Genres/Mechanics: Simulation, Building, Open World, Sandbox, Exploration, Survival Price: \$7.49 The game that started an entire gaming era since its inception. Fully released in 2011, Minecraft has a complete Android port. The Android version of Minecraft, originally called Minecraft: Pocket Edition, has been redesigned to be compatible with other ports of Minecraft Bedrock Edition. You can explore, build and create your way in a huge open world! This version of Minecraft includes everything you'll find in the Bedrock edition, although there may be one or two versions of the game for PC and Mac. Other than that, it's a solid experience just like Minecraft, from enchanting and forging the best armor with Minecraft grindstones and anvils to building houses with friends on other platforms. This version of Minecraft has everything you would expect from a handy mobile package. . However, if you are not satisfied with the base game, the Android versionsupports minecraft shaders and mods to enhance your gaming experience. Download Minecraft from Google Play Store 2. Chrono Trigger Developer: Square Enix Co. Genres & Mechanics: Strategy, JRPG, RPG Price: \$9.99 The well-known and beloved classic Chrono Trigger is the second highest paid Android game of all time. Originally a Japanese role-playing game (RPG) for the SNES, the Android version has been remade into a "definitive version" with improved sound and graphics, as well as touch controls. Chrono Trigger comes from the creators of the Final Fantasy series (Hironobu Sakaguchi) and the Dragon Quest series (Yuji Hori) combined with the art of Dragon Ball creator Akira Toriyama. For those who want to immerse themselves in an exciting and timeless role-playing game, this impressive game is worth a try! Get Chrono Trigger from Google Play Store 3. Stardew Valley Developer: Chucklefish Limited Genres and Mechanics: Simulation, Farming RPG, Life Simulation, Social Simulation, Casual Price: \$4.99 Barone, Stardew Valley is a love letter to fans of the "History" series (formerly called the "Harvest Moon" series). This game combines the joy of farming with RPG mechanics, social simulation, mini-games and an interesting story. If you haven't already thought of it, this game also has a lot of mods to choose from, even for Android. You will find content and gameplay for days or weeks in this game because there is a lot to do in this game. From fishing to chatting to falling in love with local NPCs using Stardew Valley gifts, there's always something to do in Pelican City! Before diving into this game, you should check out our Stardew Valley Beginner's Guide to learn about it and have a smoother experience. Get Stardew Valley on Google Play Store 4. Terraria Developer: 505 Games SRL Genres/Mechanics: Simulation, Building, Open World, Sandbox, Exploration,Price: \$4.99 Terraria is another port of the original Android for PC, but don't be fooled. This game runs just as well on Android as it does on PC, if not better. Originally rebuilt for Android, you can continue with âDiGi! Combat! Discover! A Build!â on your mobile phone. Although this game is sometimes referred to as 2D Minecraft, it is much more than that. It has 400 different enemies, 20 biomes and mini biomes and more than 20 NPCs to protect, interact and trade. You'll also experience potion brewing, boss fights, flight mechanics, fishing, and the same creative freedom of being able to build anywhere, anytime. Terraria's potential is only limited by your imagination, from playing with unique weapons to managing your own city, you can do almost anything you want in this game. This game really deserves its place as the fourth game in our list of the highest paying Android games. Get Terraria on Google Play Store Also Read: Terraria Class Guide: Choose The One That's Right For You 5. Hitman Sniper Developer: Square Enix Co. Genres & Mechanics: Action, FPS, Puzzle Price: \$0.99 The best Hitman game for smartphones, Hitman Sniper uses the serial assassination element to create a great entry point into the Hitman franchise. A tactical sniper game that puts you in the shoes of Agent 47 to assassinate multiple high-level targets from your long-range sniper post. Hitman Sniper is no ordinary FPS game. It forces you to be creative and think fast. It has more than 150 missions with ten different contracts and offers several ways to reach your goal and make it easier for you. With 16 beautifully modeled weapons to choose from, you can choose to shut down before the kill, or perhaps wait for a better opportunity when the patrols are over. Either way, it's your decision which way to go. Get Hitman Sniper on Google Play Store 6. Grand Theft Auto: San Andreas Developer: Rockstar Games Genres and Mechanics:Third Person Shooter, Open World, Sandbox Price: \$6.99 Another PC classic, Grand Theft Auto: San Andreas has been remastered and remastered for Android phones by War Drum Studios. Along with IV and Vice City, this game is one of Rockstar's most popular Grand Theft Auto games. In addition to specially designed high-definition graphics, the Android version of San Andreas also offers cloud saving support (for Rockstar Social Club members), customizable controls, touch effects and gamepad compatibility. This game has everything you would expect from a GTA game: guns, drugs, intrigue, mayhem and murder. Just like in the original game, you will continue to live Carl Johnson's life in this sanctuary, back in his hometown of Los Santos, San Andreas, after five years in prison. With over 70 hours of gameplay, this game is worth the money, if not the nostalgia trip itself. Get Grand Theft Auto: San Andreas from Google Play Store 7. GRID Autosport Developer: Feral Interactive Genres & Mechanics: Simulation, Vehicle Sim, Racing Price: \$9.99 GRID Autosport is the first vehicle simulation game on this list and a less realistic game Simulator. You can sit on a bench or lie on a bed, but in this game you will feel like you are behind the hood of the best supercars or the fastest F1 drivers. Rated as a competitor to the PlayStation exclusive Gran Turismo series, GRID Autosport is a AAA game and it shows. It features over 100 cars divided into Touring, Endurance, Open Wheel, Tuner and Tram tracks as well as 100 different race tracks such as Mount Panorama, Circuit of the Americas and Indianapolis Speedway. The game content is more than enough to make it to this list of top paid games for Android. Get GRID Autosport on Google Play Store 8. Star Traders: Frontiers Developer: Trese Brothers Genres and Mechanics: Simulation, Tycoon, RPG, Trading, Turn-Based Price: \$3.99 Star Traders: Frontiers is a multi-genre game. Part life simulation, partThe game allows you to play the role of the captain of the spaceship. You are free to explore the universe and make your way through the galaxies. Will you be an honest merchant, shuffling goods between starports and stations, slowly building your wealth and fame? Why don't you take the opportunity to unite the galaxy with fast ship diplomacy that hops from capital to capital? Or take the low road to plunder and plunder your way through a disintegrating galaxy? Whichever you choose, you'll need to use your earnings to equip and train yourself, your crew, and your ship for turn-based battles that put your lives and loot at risk! Get Star Traders: Frontiers on the Google Play Store 9. Transport Tycoon Developer: 3IX Ltd. Genres & Mechanics: Simulator, Construction, Tycoon, Transport Price: \$6.99 Another classic game, Transport Tycoon is a remake of the original Transport Tycoon Deluxe by Chris Sawyer. First released in 1995, the game helped usher in a wave of road and tycoon games that flourished in the late 90s and 2000s. This Android version is a complete remake of the game but still retains the original game mechanics and nice visuals. It includes everything the original Deluxe version had with a few extras such as over 150 available vehicle types, railroad switches and signalling, as well as vehicle upgrades and replacements up to the present day. Download Transport Tycoon from the Google Play Store 10. Company of Heroes Developer: Wild Interactive Genres & Mechanics: Strategy, RTS Price: \$13.99 The game that initially took the tide of WWII media like Saving Private Ryan and Call of Duty in 2000 Firma of Heroes is a real-time strategy game completely redesigned for Android. This version still has the team-based tactics, dynamic game map, compelling storyline, and expansive campaign that made Relic Entertainment's original game great. There are several changes that help Android gamers, such as optimizationgraphics, command wheel interface, flexible block and barbed wire placement, ergonomic on-screen controls, and other quality-of-life improvements. The Opposing Fronts expansion is also available for Company of Heroes alongside the upcoming Tales of Valor expansion. Like its PC version when it first came out, this version also has decent system requirements: 5.2GB of storage and Android OS version 9.0 or higher. Get Company of Heroes on Google Play Store 11. Assassin's Creed Identity Developer: Ubisoft Entertainment Genres/Mechanics: Action, 3rd Person ARPG Price: \$1.99 Assassin's Creed has been released for mobile devices for a long time. Of these, the only paid game is Assassin's Creed Identity, and it shows why. Identity is simply a complete Assassin's Creed game for Android. From complex stealth and stealth mechanics to assassinations and escort missions, Identity seriously strives to recreate the joy of the series' console and PC versions for Android. However, the game has many shortcomings compared to the games in the series on other platforms. This includes a limited game map, a more text-based dialogue system, and basic touchscreen controls. Regardless, Identity is still a solid Assassin's Creed game that covers all the bases of the series. If you can't play the series on your console or PC, this game is a good alternative for your Assassin's Creed fix. Buy Assassin's Creed Identity on Google Play 12. NBA 2K20 Developer: 2K, Inc. Genres and mechanics: Simulators, Management, Strategy, Sports. Price: \$5.99 NBA 2K20 is the first sports sim on this list. It is a hybrid sports management game and one of the best basketball games on mobile. This mix allows you to play as both the manager of your favorite NBA team and as a player on the court during game and practice seasons. Annual game, this versionreplicates and models the players and management of NBA teams for the 2020-2021 season. A good port of the original for PC, NBA 2K20 has most of the game modes, including Run the Streets, The Association, NBA Story Mode, and Quick Games. However, the standout mode of this game is the MyCareer mode. It allows you to create your own player (My Player) and build your career from college basketball to winning the NBA championship. Get NBA 2K20 on the Google Play Store 13. The Banner Saga Developer: Versus Evil Genres/Mechanics: Strategy, Tah-Based, RPG Price: \$9.99 The Banner Saga is the first game in a three-part series with a rich story and stylized art style. Developed by the former Bioware game designers behind Star Wars: Knights of the Old Republic (lower down this list), The Banner Saga is an interactive player-driven game where your choices affect the entire game world. The gameplay itself is a mixture of turn-based strategy and visual novel, with some character control in between. In terms of storyline, The Banner Saga is an emotional epic set in a dying world suffering from eternal winter. Your history and that of your group are woven into the banner of the same name as you navigate the perils of this Viking world. This game is definitely one of the best storytelling games you can play and one of the highest paying android games you can buy! Get The Banner Saga from the Google Play Store 14. Conquest of Elysium 3 Developer: Illwinter Game Design Genres/Mechanics: Strategy, Roguelike, Turn-Based, 4X Price: \$9.90 Another unique game on this list is Conquest of Elysium 3 (CoE3) . is a turn-based fantasy roguelike strategy game where you control a faction to conquer and dominate the continent of Elysium. Compared to other 4X-like games, CoE3 doesn't have a special building block. Instead, the focus is on expansion. They must occupy pre-placed buildings and game locations in order to gain access to their special units andAside from the 4X mechanics, what really makes this game stand out is the presence of 18 different factions. These factions are completely different from each other. They have different mechanics, such as necromancers collecting Hands of Glory from cities and towns to summon ghosts and immortals, while dwarven queens spawn new dwarven warriors every turn. CoE3 is one of the games with great replay value thanks to its randomized map and countless factions! Get Conquest of Elysium 3 on Google Play Store 15. Donât Starve: Pocket Edition Developer: Klei Entertainment Inc. Genres & Mechanics: Action, Survival, Adventure, RPG, Open World, Roguelike. Price: \$4.99 Donât Starve: Pocket Edition is a survival horror game from Canadian indie company Klei Entertainment. This is a mobile port of their most popular PC game. For a game with obvious inspiration, Donât Starve's gameplay mechanics are similar to Minecraft. The art style of the game and the development of the story are borrowed from the films directed by Tim Burton Sweeney Todd: The Demon Barber of Fleet Street and The Nightmare Before Christmas. This game represents the survival genre on this list of top paying Android games. The game has a decent story that starts when your character is suddenly transported to a strange and dark parallel world. Your goal is to survive and return to the real world. Meanwhile, the game is a familiar survival equation where you have to fight monsters while keeping yourself fed and healthy. All in all, Donât Starve is a good and solid game to own and play! Download Donât Starve: Pocket Edition on Google Play, the famous casual game. A well-balanced hybrid between the puzzle and management genres, your goal in the game is simple - to build the most efficient subway system for some of the world's biggest cities. This gameThe best way to simulate subway pedestrian traffic is in big cities like London, New York and Beijing. Therefore, you will spend most of your time upgrading and optimizing your trains and railroads to get as many passengers as possible to their destinations. After all, Mini Metro is exactly what it sounds like: a small train game that fits on your Android phone and that you can play whenever you want. Get Mini Metro from Google Play Store 17. Star Wars: Knights of the Old Republic Produced by: Aspyr Media Inc. Genres and Mechanics: Action, RPG, Open World, RPG. Price: \$9.99 Bioware's Star Wars: Knights of the Old Republic (KOTOR) features an all-star cast, including game director Casey Hudson and game designer James Ohlen, and writer Drew Karpyshyn, who created the Mass Effect franchise. In addition, the music and soundtrack for the game were written by Jeremy Soule, composer of The Elder Scrolls and Guild Wars. The Android version of Star Wars: KOTOR is still considered one of the best video games of all time and is ranked 17th on the list of the best paid Android games. It offers the same performance and immersion as the original, albeit with some quality of life improvements. These include an updated UI, touchscreen controls, HID controller support, and in-game achievements. Get Star Wars: Knights of the Old Republic from the Google Play Store. 18. Titan Quest: Legendary Edition Developer: HandyGames Genres & Mechanics: Action, ARPG, Adventure, Exploration, Hack and Slash Price: \$19.99. 2006, Titan Quest stood the test of time as a game. This is underscored by new additions released more than a decade later, with Ragnarok in 2017 and Atlantis in 2019. Many consider Titan Quest to be one of the early pillars of the hack and slash and ARPG genres alongside old Diablo and Icewind . Series Dale. True to its roots, the Android version is almost a copywith multiple updates and upgrades for a more convenient mobile device. These changes include a rotating selection interface, touchscreen controls, and high-quality graphics. The full Titan Quest: Legendary Edition includes all three downloadable content expansion packs (DLC), Immortal Throne, Ragnarok and Atlantis included in this bundle. Get Titan Quest: Legendary Edition on Google Play Store 19. Bloons TD 6 Developer: Ninja Kiwi Genres & Mechanics: Strategy, Tower Defense Price: \$4.99. Bloons TD 6 is part of the successful Bloons TD smartphone series. Bloons TD 6 is the pinnacle of the franchise. Combining the good bits of all previous games and adding their extras and improvements, TD 6 brings you one of the most satisfying tower defense games ever. The game has several standout features, including 22 unique "monkey towers" to build, 13 hero units, and over 56 playable maps. Each unit and tower in this game has its own abilities and upgrade paths that make them distinctly different from each other. Overall, Bloons TD 6 makes part of this list of top paying games for Android as our top rated tower defense game that not only offers great fun solo but also lets you play with three friends in online co-op. ! Get Bloons TD 6 on Google Play Store 20. Evoland 2 Developer: Playdigious Genres & Mechanics: Action, Fighting, RPG, WRPG, JRPG, FPS, Platformer, Bullet Hell, Rhythm Game, Puzzle Price: \$8.49 Evoland 2 follows its premise, it pays homage to games in the action-adventure genre. If the above genres and mechanics weren't clear enough, this game is an attempt to take you through the action-adventure story while parodying it. To do this, it borrows the mechanics and art styles of games like Final Fantasy, Dragon Quest, Chrono Trigger, The Legend of Zelda, Street Fighter, and Bomberman. Although the game plays like a traditional RPG for the most part, you may find yourself fighting all of a suddenin a platform game or place bombs to break blocks and get out of a mine like in bomberman games. With tons of genres and truly additive gameplay, Evoland 2 ranks 20th on our list of top paid Android games. For those wanting to get their hands on this game, think of Evoland 2 as a cake, with each bite having a different flavor. Buy Evoland 2 on Google Play Store 21. King of Dragon's Pass Developer: HeroCraft Ltd. Genres/Mechanics: Strategy, Management, RPG, Adventure Price: \$9.99 King of Dragon's Pass is a text-based management RPG in which your task is to lead and decide the future of your clan. Your clan plays in the same world as RuneQuest and HeroQuest. Recently, your clan migrated to the remote Dragon Pass, where other clans also laid claim to the land. To survive, you must form a Clan Council and juggle their advice and advice in diplomacy, internal affairs, and dealings with the gods. Gameplay-wise, King of Dragon's Pass is reminiscent of a highly interactive Choose Your Own Adventure novel. It features attractive, hand-drawn graphics and over 600 interactive scenes, each with different consequences based on your choices. For a \$9.99 game, you'll never tire of near-infinite replay value! Get the King of Dragon Pass on Google Play 22. Final Fantasy VIII Remastered Developer: Square Enix Genres/Mechanics: Strategy, JRPG, RPG, Turn-Based Price: \$20.99 A groundbreaking game, even among Final's already great works Fantasy VIII The Final Fantasy franchise was an instant hit when it was first released in 1999. This remaster attempts to capture the essence of the game while making some tweaks and tweaks to bring it up to modern video game standards. These changes include high-resolution graphics, larger character models, ergonomic touch controls, and an updated soundtrack featuring Faye Wong's legendary Eyes on Me. For thisFor those of you who haven't played this game yet, Final Fantasy VIII Remastered for Android is sure to be an exciting adventure that will leave you wanting more! Buy Final Fantasy VIII Remastered on Google Play 23. XCOM 2 Collection Developer: Wild Interactive Genres/Mechanics: Strategy, Turn-Based, RPG, Management Price: \$24.99 XCOM 2 Collection is another port of the original Android. This version is a faithful copy of the original game, including the entire story and some DLCs such as War of the Chosen and Shen's Last Gift. XCOM 2 is the sequel to XCOM: Enemy Unknown, where you continue your fight against alien invaders after the original game was released. XCOM 2 continues the game mechanics of the first game, where the game is divided into two modes. The strategic game mode includes elements of base building and resource management where you build and build your flying base to improve your research and production capabilities. Meanwhile, the tactical combat mode is activated when you go on missions where you fight turn-based battles with your combat team. Get XCOM 2 Collection from Google Play Store 24. Cytus II Developer: Rayark International Limited Genres & Mechanics: Action, Rhythm Price: \$1.99. Cytus II is the sequel to the musical rhythm game Cytus from the creators of DEEMO and VOEZ, the same staff returns for this production. Cytus II is included in this list of the highest paying Android games as a representative of the rhythm game genre. The game includes over 35 songs written by musicians from all over the world in the base game alone. It also has over 300 rhythm charts with multiple difficulty levels. In addition to a story centered on the future of cyberpunk, anime cutscenes, and aesthetics, the game also ties into other media from time to time, such as virtual YouTuber Kizuna AI introducing other characters and songs. The game also offers in-app purchases for new songs and content packs. Get Cytus II from the Google Play Store 25. Developer Pocket City:Game Genres and Mechanics: Simulation, Building, Management, Tycoon Price: \$2.99 Pocket City is what 1989's SimCity Classic would be if remastered for Android phones. A pure city builder game represents the best of the genre in which you plan, create and develop your small town in a bustling metropolis. You have many enemies in the game, but in a different way than in an RPG. You have to face debts, natural disasters and the wrath of unfortunate people. The game focuses on the city building aspect where you play as the mayor of the city. In addition to your "enemies", the game also has an XP mechanic where completing tasks can help you unlock additional buildings and services for your city. This game has one promise: no microtransactions. All resources are available throughout the game instead of buying them from the in-game shop. Get Pocket City from the Google Play Store 26. Football Manager 2021 Touch Developer: Sega Genres & Mechanics: Simulation, Management, Strategy, Sports Price: \$22.99 If it wasn't obvious enough, Football Manager 2021 Touch is another Management game like the above NBA 2K20, but soccer. Like 2K20, this title is an Android port of the original PC and features two modes: a management mode and a real-time mode where you control your players on the soccer field. Football Manager 2021 has two Android ports namely Touch and Mobile. Touch is a 3D version very similar to the PC version, while Mobile is a downgraded port with 2D graphics and simpler game mechanics. If you want to experience playing under the UEFA banner or promote yourself to regional leagues such as the Bundesliga, Premier League or Serie A, this game is for you! Buy Football Manager 2021 Touch on Google Play Store 27. Monument Valley 2 Developer: Ustwo Games Genres and Mechanics: Board, Puzzle, Strategy, Casual Price: \$4.99 A cute and simple game,Valley 2 looks like a tabletop architectural marvel compared to your average boring puzzle game. The name has a stylized look that is somewhat reminiscent of M. C. Escher paintings with escalators, intricate aqueduct-like roads, and roundabout buildings. Playing this game is quite simple: mother and child discover the mechanics of "Sacred Geometry". In addition to the beautiful graphics, the game also offers some of the most relaxing sounds you can find in a game. All in all, Monument Valley 2 earns a place on our list of the highest paying Android games thanks to its pleasant and relaxing feel that is good for relaxing for a few hours. Buy Monument Valley 2 on the Google Play Store 28. Final Fantasy Tactics: War of the Lions Developer: Square Enix Co. Genres and mechanics: Strategy, Turn-based, JRPG Price: \$11.99 Final Fantasy Tactics: War of the Lions (FFT: WoTl) is another game ported to Android. Compared to the other JRPGs on this list, FFT: WoTl is closer to XCOM 2 than other Final Fantasy games in terms of turn-based combat and gameplay. This port came out in 2015 and copies everything from the PSP game but adds some quality of life changes for Android gamers. Some of these changes include touch controls, camera rotation, faster loading, and the ability to skip scenes. Download Final Fantasy Tactics: War of the Lions from the Google Play Store 29. RFS - Real Flight Simulator Developer: RORTOS Genres & Mechanics: Simulation, Vehicle Simulators Price: \$0.99 USD Who hasn't wanted to be a pilot and fly their own jet? This game allows you to do just that! RFS - Real Flight Simulator is a pure simulation game for planes, just like GRID Autosport is for cars. Accurate commercial aircraft flight simulation goes a long way, from interacting with air traffic control to creating advanced flight plans based on weather, fuel tanks, and equipment failures.The downside of this complex and advanced game is the subscription system where you have to pay in the play store to get the "professional" version of the game, which provides most of the advanced features and multiplayer. Download RFS - Real Flight Simulator on Google Play Store 30. Exploding Kittens Developer: Exploding Kittens Inc. Genres & Mechanics: Board Game, Card Game Price: \$1.99 This game is the last on our list of highest paying Android games and the only card game on the list. Exploding Kittens is best played with friends online rather than with random online players. This game is a Kickstarter-funded digital version of the Exploding Kittens board game with some exclusive cards added just for this version of the game. Aside from the overtly feline graphics, the game is simply described as a card version of Russian Roulette crossed with a spinster. You draw cards from the deck and use your various powers and abilities to confuse your opponents until someone draws an explosive kitty card and loses unless they have something to soften it. Download Exploding Kittens from the Google Play Store. Tips for choosing the best game Choosing the best game comes down to more personal preference than anything else. Are you more interested in role-playing games? Maybe you like peaceful city building games? In any case, when choosing a game, it's important to look at its ratings, game reviews, and gameplay videos before you buy the game right away. game.
