ProBuds V2 Manual Combines Comfort and Quality The ProBuds V2 manual highlights the comfort and quality features of these hands-free earphones, suitable for various situations. The included tiny charging case keeps up with daily activities, offering up to 40 hours of use. Pairing ProBuds V2: - Remove both earbuds from the charging box. - They will auto-pair with each other within 3 feet of your smartphone. - Enable Bluetooth on your device and select "Soundmates" in the Bluetooth list. Bluetooth Pairing Instructions: - Auto-pair when removed from the charging case. - Allow Bluetooth on your device to link with the earbuds. - Once paired, you will hear "Device Connected." Resetting ProBuds V2: - If Soundmates don't pair, return them to the charging case and they will automatically reconnect. ProBuds V2 Touch Controls: - CALLING/MUSIC ANSWER/ENDING CALL: Tap the earbud twice. - Reject a call: Hold the earbud for 2 seconds until the prompt sound is heard. - PLAY/PAUSE: Tap the earbud twice. - NEXT SONGS: Tap the right earbud three times. - REWIND OR PREVIOUS SONG: Tap the left earbud three times. Manual Volume Control: - Enhance volume by pressing the multi-function button twice, then holding it down on the second press. - Minimize volume by pressing the multi-function button 3 times in a row, holding it down on the third press. Turning On Your Earbuds: - Remove the earbuds from their charging box. - Both earbuds' LEDs will start. To turn on the earphones, remove them from their charging box and touch either the right or left earbud for 5 seconds until the blue LEDs flash and you hear "Power On." If they're not in the case or switched off, this trick will get them up and running. Turning them off is a breeze - simply put them back in the charging case and tap an earbud until you hear "Power Off." When using the earphones for the first time, make sure they're fully charged beforehand. It's also essential to note that if one earbud is already charged while the other is being used, remove the second one before putting in the first. The manufacturer warns against exposing the device to heat, water, or extreme temperatures, which can damage the battery and lead to electric shock or injury. If your ProBuds has been damaged, don't attempt to repair it yourself - instead, contact a qualified professional. The official ProBuds app provides additional information on using these earphones effectively. For more detailed instructions and troubleshooting tips, visit Manualsclp.com. The earbuds are designed for versatility, offering hands-free listening and phone calls with unparalleled comfort. With up to 40 hours of use per charge, you can enjoy uninterrupted music or conversations wherever you go. The compact charging case is perfect for daily commutes, workouts, or any other activity that requires convenient audio on-the-go. Bluetooth Pairing with Tzumi ProBuds V2 - Easy Steps for Setup and Use ##### Bluetooth Pairing Instructions To start using your Tzumi ProBuds V2, follow these steps: 1. Remove both earbuds from their charging case. 2. They will begin auto-pairing with each other at a distance of 3 feet from your cell phone. 3. Take the earbuds to this location for Bluetooth pairing and allow Bluetooth on your device by going to the Settings menu. 4. Select "Tzumi ProBuds V2" from the list of devices to link them with your device. 5. Once paired, you'll hear "Device Connected" - Your Sound mates are now ready for use. ##### How to Set Up ProBuds V2 Follow these steps for hassle-free setup: 1. Charging: Before first use, fully charge the earbuds using the included USB-C cable. 2. LED indicator on the case will turn red while charging and a blue light appears once fully charged. 3. Pairing with your device: Remove the earbuds from the case, press and hold both touch panels for 3 seconds until they flash. 4. Open Bluetooth settings and select "Tzumi ProBuds V2." ##### Touch-Control Functions Tap the RIGHT or LEFT earbud as specified: - CALLING/MUSIC ANSWER/END CALL: Tap RIGHT or LEFT earbud 2 times. - REJECTING A CALL: Tap and hold your Right or Left Earbud for 2 seconds until you hear a prompt sound. - PLAY/PAUSE: Tap RIGHT or LEFT earbud 2 times. - NEXT SONG: Tap the RIGHT earbud 3 times -REWIND/PREVIOUS SONG: Tap the LEFT earbud 3 times ##### How to Turn ON/OFF To turn on/off: 1. Remove the earbuds from their charging box. 2. Both earbuds' LEDs will flash blue. 3. If the earphones are not in the charging case or switched off, touch the RIGHT or LEFT earbud for 5 seconds until the blue LEDs flash and you hear "Power On." 4. OFF: Features include pairing with ease, reliable Bluetooth technology, high-quality audio, more time, versatility, comfort, and convenience. To use just one ProBud V2, remove it from the charging case and enable Bluetooth on your device. The earbud should automatically connect. Can I make phone calls with the ProBuds V2? Yes, they come with a built-in microphone and touch controls for answering and ending calls. You can also use voice assistants like Siri or Google Assistant to make hands-free calls. Are the ProBuds V2 sweat and water-resistant? Yes, they have an IPX4 rating, which means they can handle splashes of water and sweat. However, they're not fully waterproof, so avoid submerging them in water. To reset TZUMI earbuds, take out the right earbud from the case and press the case button for 10 seconds until the red light blinks five times.
