I have been facing an issue with my motor insurance policy where it seems the insurer is insisting I pay for repairs by a preferred repairer or body shop, despite not being mentioned in my policy. This has left me in a difficult position, as I am hesitant to pay more than the excess but also cannot afford to void the car manufacturer's warranty.
I have expressed my concerns to the insurer and warned them that this will be a deal-breaker if they don't change their policy at renewal time. However, it seems they are not taking my complaints seriously, which is frustrating given my long-standing relationship with the company.
Looking forward to seeing everyone at the meeting tomorrow and discussing our strategies.
