On your Android phone or tablet, open the Google app . At the top right, tap your Profile picture or initial Settings. Tap Search widget Switch to Google. Tip: Learn how to set Google as your homepage. Post to the help community Get answers from community members You can make your phone's volume louder or quieter. You can also change your ringtone, sound, and vibration. Turn your volume up or down Press a volume button. At the right, tap the Menu . If you don't find Settings, go to the steps for older Android versions. Slide the volume levels to where you want them: Media volume: Music, videos, games, and other media Call volume: Volume of the other person during a call Ring Volume Notification volume Alarm volume Tips: To have your Google Assistant change your phone's volume for you, say or tap Hey Google, change volume. If your phone is paired to more than one Bluetooth device, you can change where you hear music, videos, and games. Under "Media volume," tap Play media to. When you press a volume button, the volume that changes depends on what you're doing. For example, if you're watching a movie, the movie volume changes. If you press your volume buttons when you're not listening to anything, your media volume changes. Turn on vibrate or mute Press a volume button. At the right, above the slider, tap Ring . To turn on vibrate, tap Vibrate . To mute, tap Mute . Tips: To turn the ring or sound back on your phone, turn off Vibrate or turn on Ring . To silence your phone's ring when you receive a call, press a volume button. Make all phone calls vibrate Press a volume button. At the right, tap the Menu . If needed, tap See more. Turn on Vibrate for calls. Or tap Vibration & haptics Vibrate for calls Turn on Always vibrate. Change ringtones Change your ringtone Open your phone's Settings app. Tap Sound & vibration Phone ringtone. Pick a ringtone. Tap Save. Change other sounds & vibrations Choose keyboard sounds & vibrations When you type, you can turn the keyboard vibration feedback on or off. To turn the keyboard vibration on or off: Open your phone's Settings app. Tap Sound & vibration Vibration & haptics. Turn Keyboard vibration on or off. Tip: To adjust your Gboard settings, touch and hold the comma button or tap Settings . Change emergency broadcast settings You can turn alert types on or off, find past alerts, and control sound and vibration. On your phone, open the Settings app. Tap Notifications Wireless emergency alerts. Choose how often you want to receive alerts and which settings you want to turn on. You can use this setting to manage certain emergency messages, like disaster warnings, threat notifications, and AMBER alerts. If you use an older Android version Change what happens when you press Power + Volume up Open your phone's Settings app. Tap Sound Shortcut to prevent ringing. Tap Press Power & Volume Up together. Choose what happens: Vibrate: Phone calls and notifications vibrate Mute: Phone calls and notifications are silent Do nothing Turn your volume up or down Press a volume button. Important: The name linked to your email address is not your username. You can't change your username or email address. How to change your name For example, if you get married, you could change from "Lisa Brown" at sportsfan@gmail.com to "Lisa Jones" at sportsfan@gmail.com. Important: You can't change your name from the Gmail app. On your computer, open Gmail. In the top right, click Settings See all settings. Click the Accounts and Import or Accounts tab. Under "Send mail as," click Edit info. Enter the name you want to show when you send messages. At the bottom, click Save changes. Create a new email address If you want to change your email address, sign up for a new address. After you sign up for a new address, you can transfer emails and contacts from your old address to the new one. Someone is using my trademark If you believe someone created a Gmail address using your trademarked name, contact them to resolve the issue. Unfortunately, Google doesn't monitor or control the email addresses selected by Gmail users. Related resources Post to the help community Get answers from community members
