Participation in it will be strickly voluntary. Here's the thing, since we're such a diverse group and live in such a wide variety of cities and towns within the area, only coming together weekly for our lunch ride, we don't really get a chance to really know each other as we should. I think one of the first steps is to put a name and face with a bike. I find myself relating to what you ride as a means of your indentity and involvement, others probably do the same. Let's give it a try for a while and see if it works! Actually, I'm not sure exactly how this will work but I have the camera and it's easy for me to put pics on here from this end so Look me up at a lunch ride or any other time and let me know you would like to be included here and I'll do my best to make you look good. Hint...wear your ROMEO shirt if at all possible and put a ROMEO sticker on your bike....let's tell 'em who we are as well as show them! My goal is to get a photo of everybody with their bike. I'm not the best computer kind of guy but if you send me a pic I'll try moving it over here as well. Attachments Richard Kurtz - Lindsborg with current stable! Understandably there were no riders today! As usual I neglected to take my own photo, but subjected everyone else to the camera. Got a shot of Dennis protecting his "good shirt" from the hazards of breakfast! All of us had a good time on a crisp December morning. Hope to see you all next week! It was a cold morning and I was surprised that we had 4 riders--not the sharpest pencils in the drawer . This restaurant has only been open a week but you couldn't tell. The food and service were great. Ashlyn took real good care of us and kept our coffee cups full. We'll be back.
