# Ocean questions and answers

A plastic ocean questions and answers. Apostrophe to the ocean questions and answers. Pacific ocean questions and answers. Pacific ocean questions and answers tagalog. Olive's ocean questions and answers. Indian ocean questions and answers. Ocean quiz questions and answers. Poem on the ocean questions and answers.

You can believe you're smart enough not to be deceived. However, makeup questions can mount anyone. Good sense and experience will not help you answer these difficult questions. Although some of the answers are logical or confident in common sense, your first thought is quite often wrong. Some trick questions are fun, some are a game on words, and some involve looking at things differently. Try your hand to answer all our trick questions and share them with friends. Misleading questions The following list of smart and deceptive questions will have you and your friends scratching heads and wondering how you're smart. They're fun to use at a party, with your colleagues at work, or in a class. Teachers, field consultants and entertainers will love our list of complicated questions. Question: What always happens, but never comes? Question: What can be broken, but is it never kept? A Promised Question: What is it that lives if it is nourished, and dies if you give it a drink? Fire question: What word would you use to describe a man who does I don't have all his fingers on one side? Normal, because people usually have half their fingers on one side. Question: What can a catch that is not launched? A cold question: what if you have, you want to share me, and if you share, don't you? A secret question: if a plane crashes on the border between the United States and Canada, where do the survivors bury? Survivors are not buried. Question: If it takes eight men ten hours to build a wall, how long would it take four men? There is no time, because the wall is already built. Question: If you have a bowl with six apples and take four off, how many do you have? The 4 you took the question: if you had only one game and entered a dark room containing a oil lamp, a little wood, and a newspaper, which you would like slightly?
