Discipleship teaching materials pdf

Jesus commanded in the great commission for His followers to make disciples (Matthew 28:19-20 NIV). Therefore it is our responsibility to make disciples. What is a disciple? In short a 'disciple' is a student and a follower, someone who learns while following someone else. A 'discipler' is a person who allows a disciple to follow them and takes time to teach them as they follow. As Christians we should want to be as Christlike as possible, and the easiest way to do that, moreover the Biblical way to do that, is to find someone who is trying their best to be Christlike and to follow and imitate them. Paul put it this way "Be imitators of me, just as I also am of Christ." (1 Corinthians 11:1 NASB). What is on This Page? This page contains materials to help disciples learn and to help disciplers teach. These courses are meant to supplement the discipleship relationship, giving some material to teach and spark conversation. The teacher and student notes are almost identical, with two exceptions: the teacher's notes have extra tips, hints, and examples (written with a blue background) to help them teach and the student's notes have lots of extra space to take notes. These lessons were originally written by Victory Family Centre Singapore, and were heavily edited by Pastor Christian and Amanda to make them relevant for the United States. They are full of Scripture and we have done our best to not put anything in the notes that can not be backed up by Scripture. FOUNDATIONS ONE Foundations One is a series of nine lessons (numbered 0-8) that offer introductory knowledge on foundational issues for Christianity. While new Christians are going to get the most out of these lessons, we do suggest that every discipler should learn these lessons, even if they are not new Christians, in order to be able to teach them to their own disciples. These lessons start off with Lesson 0 "Why Chose God". This lesson is intended for people who are not yet Christians, but may be interested in the faith. The lessons go on from there teaching about who God is, what salvation and baptism is, as well as lessons about the creation of man, and his fall. Before moving on to Foundations 2, please make sure you have a good understanding of these lessons, and feel comfortable teaching them. Foundations 1 Teacher Notes Foundations 1 Student Notes FOUNDATIONS TWO Learn how to live the Christian life in a more fuller, well rounded way. With lessons about fundamentals like the Bible, prayer and the Holy Spirit – And also lessons about life such as church service, tithing, and defeating temptation. These notes are perfect for the Christian who is new to walking out their faith. Foundations 2 Teacher Notes Foundations 2 Student Notes SPIRITUAL GIFTS TEST This test is designed to help you identify the gifts that the Holy Spirit has placed inside of you. There is both a youth version and an adult version. The test is from SpiritualGiftTest.com which is not affiliated with Christian Life Church in anyway, but is a trustworthy and time tested source of biblical truth and guidance for Christians seeking to understand what spiritual gifts that God may be using in them. Disciples halfway through Foundations two will learn about spiritual gifts, after the teaching on the Holy Spirit we encourage disciplers to take the Spiritual Gifts test with their disciples in order to pray for and encourage them in their gifts. *These tests are not a part of CLCCedarRapids.com these links will direct you to a different page where you can take the test. You will be asked for your name and an email address where they will send the results, then you will take the test online. Adult Spiritual Gifts Test Youth Spiritual gifts test For years I have devoted myself to developing free Bible study materials for discipleship. I have read books, attended conferences, purchased tapes, CDs and DVDs. I have taught Sunday School, led small groups and basically done everything I could to understand and imitate the way Jesus developed his own disciples. While I would never claim to know more than anybody else on this subject, I am very familiar with the amount of time and energy it takes to help others mature spiritually. To me, there is nothing better than a ministry that is personal, relational and reproducible. Disciple-making is all three. As A.W. Tozer once wrote, "If my fire is not large it is yet real, and there may be those who can light their candle at its flame." Discipleship is Apprenticeship A follower of Jesus is an apprentice. No word captures the essence of discipleship better than the word apprenticeship. Becoming an apprentice of Jesus involves more than merely learning facts from free Bible study materials. In order for an apprentice of Jesus to learn a new lifestyle, he must know it, see it and do it. He watches, imitates and practices. He is equipped life-on-life by a real person. My desire is to become a mature apprentice of Jesus and help others do the same. I want my discipleship to be active not passive; focused on the street not the classroom. I want to learn new and different things by experience not just theory. Will you embrace this challenge with me? You won't regret it. We can help others become apprentices of Jesus through time together and practice. In real life settings we can pass on our knowledge, experiences, skills, successes and failures. As you lead others and participate in Christian Bible studies, you will fulfill this calling.Free Christian Materials for Discipleship The simple goal to share insights that encourage others is the reason that in March 2009, I began writing and emailing a monthly newsletter entitled, Free Bible Study Materials for Discipleship.
