The explanation, I think, is simple: from long-continued study they are strongly impressed with the differences between the several races; and though they well know that each race varies slightly, for they win their prizes by selecting such slight differences, yet they ignore all general arguments, and refuse to sum up in their minds slight differences accumulated during many successive generations. Such are Dithyrambic and Nomic poetry, and also Tragedy and Comedy; but between them the difference is, that in the first two cases these means are all employed in combination, in the latter, now one means is employed, now another. Such, then, are the differences of the arts with respect to the medium of imitation. The state of equilibrium before the stimulus may be called the "primary indifference-state." We define the "engraphic effect in making a difference between the primary and secondary indifference-states, that after the cessation of the stimulus as the effect in making a difference between the primary and secondary indifference-states. and this difference itself we define as the "engram" due to the stimulus. If, then, there is to be some standing difference must be, not in anything mental, but in the brain. At first sight the difference does not seem great in either line of dealing with the difficult problem of limitations. And therein I think I can lay my finger upon the difference between the seamen of to-morrow, already entered upon the possession of their inheritance. It was not in his calmness that she read his comparative difference. He was not calm; his spirits were evidently fluttered; there was restlessness about him. But there was a difference. There were gods and gods, and Jerry was not long in learning that in the hierarchy of the heaven of these white-and-gold-clad officers. The difference in affection, of parents towards their several children, is many times unequal; and sometimes unworthy; especially in the mothers; as Solomon saith, A wise son rejoiceth the father, but an ungracious son shames the mother several children, is many times unequal; and sometimes unworthy; especially in the mother several children, is many times unequal; and sometimes unworthy; especially in the mother. Some persons will probably say, that the employments of the state ought to be given according to every particular excellence of each citizen, if there is no other difference between them and the rest of the community, but they are in every respect else alike: for justice attributes differenced, difference being different. An instance of disparity or unlikeness. There is a big difference in sound between a clarinet and an oboe. The way in which people or things are different; esp., a determining point or factor that makes for a distinct change or contrast. The state of holding a difference in sound between a clarinet and an oboe. The way in which things differ. A difference in height of three inches. More Noun Definitions (9) To distinguish as or make difference to have an effect; matter to share the remainder equally to make a compromise noun (10)verb (used with object) (2)View synonyms for difference the state or relation of being different; dissimilarity. There is a great difference between the two. Antonyms: agreement, similarity an instance or point of unlikeness or dissimilarity. What accounts for the difference in their behavior? a significant change in or effect on a situation. His tact makes a difference in the way people accept his suggestions. a distinguishing characteristic; distinctive quality, feature, etc..
