In a dormitory setting, a character named Chen Hao is often asked to run errands by his classmates, who seem to take advantage of him. When Blondie, a blonde-haired classmate, asks Chen Hao to buy mineral water for him, it sparks controversy among the other students. They wonder why Blondie always treats Chen Hao unfairly and takes advantage of his willingness to do favors for money. Chen Hao tries to ignore the snarky comments but feels embarrassed by Blondie's words. He collects the money thrown at him, thinking that it will be enough to buy some noodles and get through the day. However, a kind gesture from the head of the dormitory offers Chen Hao an alternative solution, allowing him to decline the errands without financial repercussions. Chen Hao walked into the room, a hint of embarrassment on his face, and muttered a simple "thank you" before leaving. The students in the dorm watched him from behind, shaking their heads in pity. Chen Hao wasn't one to accept favors, but he also didn't want to be left out of university life like everyone else. His financial situation was dire, but his roommates had been kind enough to help him out. As he made his way downstairs, Xu Nan, the leader of Blondie's dormitory, approached him with a smirk on his face. "Chen Hao, I heard you're going down." Xu Nan's eyes sparkled with amusement as he handed Chen Hao a box of condoms. "Perfect timing. A friend needs these. I'll give you ten bucks for delivering them." Chen Hao took the package without hesitation, only because he needed the money. He headed to the East Grove, a popular spot for hookups, to deliver the condoms. As he turned down a street lined with trees, he spotted a couple sitting on a promenade, laughing and chatting under the moonlight. His heart skipped a beat as he saw her - Yang Xia, his ex-girlfriend. Chen Hao's body trembled as he approached them. He had only seen Yang Xia three days ago when they broke up. She had told him she needed space, but Chen Hao couldn't believe she was moving on so quickly. The couple's attention turned to Chen Hao, and they exchanged awkward glances. "What are you doing here? I... didn't know you were back," Yang Xia stammered. Chen Hao's anger boiled over as he saw the condoms in his hand fall to the ground. He knew Xu Nan had set this up on purpose - a cruel prank that humiliated him in front of his ex. Lu Chen, who was sitting next to Yang Xia, burst into laughter at Chen Hao's misfortune. "Xu Nan is something else, isn't he?" Chen Hao had seen this coming ever since he broke up with Yang Xia, and now Xu Nan's meddling was messing things up for him. Chen Hao shouted angrily at Yang Xia, "Xia, I know you didn't want to date a poor guy like me, but this other guy is probably cheating on you already!" Yang Xia got angry and told Chen Hao off, saying he had no right to lecture her after she broke up with him. The argument escalated until Yang Xia slapped Chen Hao in the face. Lu Chen laughed loudly and encouraged Yang Xia to keep Chen Hao around so he could learn a lesson. Yang Xia blushed but stood firm, telling Lu Chen she was in no mood for this after seeing Chen Hao again. As Chen Hao left the grove, his mind went blank, and he didn't know how he got back to the dormitory. Later, when Chen Hao arrived at the dorm door, he overheard his classmates laughing and teasing him about Yang Xia's supposed infidelity. Xu Nan was the main culprit, gloating that Chen Hao was poor and had never deserved a great lady like Yang Xia. The class laughed even harder when they learned that Yang Xia had already moved on to Lu Chen just half an hour after chatting with him on WeChat. Chen Hao got angry and tried to punch Xu Nan but ended up being restrained by his roommates. In the end, Chen Hao was left feeling small and humiliated, wondering why everyone bullied him just because he was poor. He felt like they didn't consider him a human being, which only fueled his anger and frustration. After crying himself to sleep, Chen Hao woke up early the next morning to find that everyone had avoided him, even the head of the dorm. He realized it might be better for him to stay in the dorm, away from all the drama and humiliation. Chen Hao received a mysterious phone call that changed his life forever. He had many text messages and missed calls from a foreign number. When he checked his account balance, he was stunned to see a staggering amount of \$10 million. The caller claimed it was from an overseas number and a voice Chen Hao knew belonged to his sister, who had been living abroad with their parents. She revealed that their family's wealth spanned the globe, including significant assets in Africa. Chen Hao struggled to comprehend the news, still trying to wrap his head around the reality of his family's immense wealth. The conversation also included an express delivery package arriving at his school, containing gifts from his sister.
