Picking Hitchhikers has been unresolved with danger in the world of horror for many years - urban legends and folklore told phantoms that capture the elevators from fatal unaware, and the Texas chain saw the massacre (1974) Å presented one Of the most disturbing hitchers in film history. But it was the Hitcher of Robert Harman (1986) that he defined the archetype of the homicid hitchhiker in popular imagination. The lenses of burns of burns, violence Stark and the terrifying central performance of Rutger Hauer caused us to think about two spectators before offering an elevator to a stranger with a tense thumb. A young man, Å Jim HalseyÅ € (C Thomas Howell), is on a background disc, delivering a car. On his way through rural Texas and feeling fatigued, he collects a hitchhiker named John RyderÅ € (Rutger Hauer). Although aware of the potential dangers-stretching jokingly "my mom told me not to never do this" jimÅ ¤ Å ¤ - tiredness and general nature of him push him to offer hitcher an elevator. There is something off on Ryder from the beginning - it is reluctant to tell Jim where he is going, and pushes down JimÅ ¤ ~ Leg to paviate the gas pedal as a joke, mocking it. Å ¤ Å,~ "Giohñ Ryder preserves the most terrifying threat title on the highway - the self-estimation that is better to drive straight from." Jim succeeds to kick Ryder from his car, but a cat the game and the Mouse between the two men therefore looks at almost magically ryder a step forward at all times. Jim stops at a dinner, makes friends with Nash, a waitress there, and for a while he thinks his problems with the hitcher they are finished, but Ryder continues his research. Jim crashes for his murders planting a bloody knife knife on him, kills the police who took Jim in custody, nash murders, and eventually faces Jim in a battle to the Sunrise in the empty desert. As any events intensify, it becomes a nightmare situation, almost surreal for Jim. Ryder not only physically threatens Jim, but psychologically torment it Å ¤ Å,~ "Take it from other machines when capturing on the road and isolating Jim from those who may be able to AIU Tagli. The lack of any experimental reason is particularly disturbing. Jim has no idea why he was targeted, and Ryder savor the desperate confusion of him. In a scene at a dinner towards the end of the film, Jim asks again to Ryder because he is doing these things, Ryder responds only with a smile, Å ¤ Å,~ "is not an intelligent little boy, the understanding. Å ¤ Å,~ Nightmare on Film Street is a property and independently managed. Entrusted to your donations to cover our operating expenses and to compensate for our team of contributors from all over the world! If you like the nightmare on Film Street. Consider the possibility of buying a coffee! The structure of the film the audience in a position similar to Jim, launching us quickly in a series of whirlwind events. Let's see none of the ryders ~ Backstory but meet him at the same time as Jim, and they were similarly perplexed to Hitcher's distracting behavior. Ryder himselfStart to behave incorrectly, and is hunted by the car for the first time within the first 10 minutes, but the rhythm does not stop for the rest of the film. We, like Jim, are barely to rest before the next Ryder attack. Even if we don't discover Ryder's final motivations, he clearly enjoys hunting, and does not intend to kill Jim immediately. There are several moments when he has the opportunity to kill Jim, but he does not follow him. This scenario happens a number of times, and the catch-and-release rhythm of these meetings increases Jim's anxiety and film pacing tension. What makes the hitcher a truly exceptional movie is the incredible central performance of Rutger Hauer as John Ryder. Hauer brings the presence of the magnetic screen that he showed in Blade Runner (1982) to the character, and brings a real feeling of depth to a so enigmatic character, although he has relatively little screen time. Even the name of him suggests that he is something of a Cipher: an anonymous John, who is simply a rider, who is parasizedly to other people. In the hands of a minor actor, Ryder may have been a bad wood, unidimensional, who kills the car. Hauer's performance, however, indicate a deeper motive under the surface. It seems that Ryder has a desire for death, and he is trying to cause someone else to take it. In one of the first scenes, Ryder tries to force Jim to say Å ¤ œlvoglio dieÅ ¤ Å ¤ Å ¤ Å ¤ œParently projecting your feelings on the youngest man. Hauer speaks the lines of him here gently, almost tenderly, suggesting that at this moment he is not simply tormenting Jim. The four words he wants that Jim says have a true emotional meaning for Ryder. The Hauer association in the mind of the public with the replicant Roy Batty, his character by Blade Runner, also ryder another dimension to the character. Like Batty, Ryder seems to have come into the world from nothing, completely shape and with an inscrutable agenda. The desert environment and the desolate landscape of the solitary open road add the defense of Jim's light. With only a few opportunities of contact with other people in service stations and rest stops, Jim has just any chance to escape. He cannot disappear in a crowded or crowded traffic, and the open spaces make him a sitting a duck, easily found and again from Ryder. Å ¤ œIn the hands of a minor actor, Ryder may have been a bad wood, unidimensional, who kills the car.Å ¤ 35 years later, the Hitcher still has the power to shocking and disorders. The sudden cases of brutal violence remain strongly disturbed, revealing Ryder's psychotic cruelty in Stark details. The Hitcher undoubtedly influenced the next horror on the open road, including works such as Creepshow (1987), Breakdown (1997), and Joy Ride (2001). But John Ryder maintains the title of More terrifying on the highway Å ¤ "the hitchhiker who would be better advised to drive guiding of. The young man is behind the wheel of a moving machine. It's dark. Å ¤ "What do you want? Å ¤" Asks the young man, played by C. Thomas Howell. It's on the edge of tears. I want you to stop me. You have a knife. You will attack me with it before you can do anything. Å ¤ "It's right. So, what's wrong with you? Stop me. "The double bond, and the strange intimacy of this encounter, is the waking nightmare that is the cult of the 1986 classic hitcher. In the genre of thrillers on traumatic on-the-road encounters - including nightlife, breakdowns and oath of joy Å ¤ "this masterpiece of pulp is in a category of its own. Howell's character starts the film as Eynan in broad-eyed and American eyes. Directed towards California, it makes the unfortunate decision to take an unspoiled hitchhiker: Å ¤ "He was tired, I thought you wouldn't help me stay awake, Å ¤ "Ragioni per Jennier Jason Leigh, playing a dining room with a bouffant blonde. It's not wrong. The hitchhiker (Rutger Hauer) turns out to be a charismatic killer. Jim strictly avoids death by pushing man out of the car, but establishes a series of events that have the surreal logic of a nightmare. The couple's Destinies remain connected as the hitcher excludes further victims with a raised thumb, including a family in their station wagon. Predictably, Jim falls under the suspicion of his passenger's crimes. Less predictably, the hitcher arrives at Jim's rescue Å ¤ "in a singularly brutal way. From the false recruitment to a police station, massacre, the hitcher intensifies in an anxious way, and just when you think it's over, like a nightmare that seemed to reach its conclusion, it worsens. The synth score of Mess Isham, crashes with a layer of lynching threat on the process; Like the interest of love, Leigh's maid is initially also understanding Jim's strange situation, but by the shady third act, his apparently stocky character becomes too human, and the film that defines trauma. Rutger Hauer (Blade Runner, Ladyhawke) is without threatening hits in one of his early American roles, dimensioned his prey with the constant look of a cobra. There are a disturbing quality for performance, which is alternately fascinating and chilling. What the hitcher wants, and who it is, stay puzzles. How does his connection with the young driver who, as the film goes on, begins to look closerhis tormentor. Å ¤ "There's something strange going on between the two, Å ¤" Saying a sheriff Jim. Å ¤ "I don't know what it is; I don't want to know. This connection remains a mystery, and what, decades decadesStill gives The Hitcher is a disturbing emotional charge.
