It's Sam! I started playing Pokmon yesterday and this guide really helped me out. I started the Rankor Region earlier and edited the stuff starting Reefon Isle. Although I edited some parts that the original writer, Livid Pains, made and I also decided to add the other parts as well in order for others to help others. Thank you for reading everything! Some parts may still be edited by others but have fun! oh hi, you probably won't see this as its been quite a while since this Walkthroug has been updated but this is not duopf, I'm currently improving & updating this walkthroughThis is now the place for people who want to thank Livid Pains and Sam:"Thanks guys, you helped me a lot in my journey" - Jay"This walkthrough certainly helped me a lot. Thank you guys for having the time to make this." - Earl 6.20.2019"Thank you so much for the effort in making this! This was an awesome adventure.
