It details how chocolate originated from cacao beans grown in Central and South America by the Maya and Aztec civilizations. The Spanish introduced chocolate to Europe in the 16th century, where it became a popular drink among the elite. By the 19th century, chocolate had evolved into solid candy bars and was mass produced and marketed around the world.Cambridge Pet 2 (Preliminary English Test)Cambridge Pet 2 (Preliminary English Test)Adriana SabauThe document discusses the importance of providing concise yet informative summaries of written materials. It notes that summarization is a useful skill, as summaries allow readers to get the key details and main ideas from longer documents in a much shorter form. Summarization requires identifying the most essential elements of a text and conveying them in a brief yet coherent summary.CarteEconomie 1001xerox metrouLa pandemia de COVID-19 ha tenido un impacto significativo en la economa mundial. Muchos pases experimentaron fuertes cadas en el PIB y aumentos en el desempleo debido a los cierres. Aunque las vacunas han permitido la reapertura, los efectos economicos negativos pueden persistir en el futuro previsible.71%(14)71% found this document useful (14 votes)239K viewsSaveSave Teacher Book - Market Leader 3rd Edition - Pre-Int...
